Southbank Institute is an official provider of VET FEE-HELP and FEE-HELP courses, these are student loan schemes available for eligible students enrolled in vocational education and training (VET) courses. These interest-free loans help eligible fee paying students to pay all or part of their tuition fees even if you're studying part-time. You don't have to make any repayments until you have a job and your income reaches a certain level. You then repay the loan through the tax system.
